

Lecture 3 — Multiple Random Variables

Michael Brodskiy

Professor: I. Salama

February 20, 2025

- The Law of Total Expectation

$$E[Y] = E_X[E[Y|X]]$$

- The Law of Total Variance

$$\text{Var}[Y] = E_X[\text{Var}[Y|X]] + \text{Var}_X[E[Y|X]]$$
